***Allowable Subject Matter***

As to claim 1, note was made of the geometric orientation of the "C-shaped" (line 6) portion to the base, that permits for the mounting plate to be "suspended from the top leg and above the bottom leg", in combination with remaining claim limitations. Thus, claim 1 is allowable as the prior art neither teaches nor suggests the combination of the two quoted passages with remaining claim limitations. Claims 8, 11 and 18 are also allowable as the prior art neither teaches nor suggests the combination of the same two quoted passages with remaining claim limitations.
